Ricardo Garcia
WEB DESIGNER · UI DEVELOPER

I strive to build responsive websites and intuitive digital experiences with semantic HTML5 markup, CSS3 and JavaScript.

EXPERIENCE

Independent Web Designer
January 2010 - Present

Creating custom web design and company branding for small businesses.

Ikone International - Lead Web Designer
October 2010 - Present

- Meet with clients to reach all their needs and objectives.
- Participate in brainstorming and strategy sessions to coordinate along with the design and development team to deliver high-quality products in an efficient manner.
- Deliver wireframes, mockups and hi-fidelity prototypes in timely fashion.
- Design engaging, creative and user-friendly responsive websites.
- Work along with the full stack developer about limitations and solutions of the design.
